Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicants' representatives proposed amending claims by using the term "cage molecules consisting of carbon atoms soluble in non-polar organic solvents" throughout the claims to overcome duplication of claim objections. It was agreed the case could be allowable by cancelling the currently pending claims and adding ~~a~~ a set of claims mirroring those indicated as allowable in application 07/580246 by Examiner's Amendment. Applicant need not respond to the office action mailed 12 September 2008 or provide a statement of the substance of this interview. .
